Thank You

When we opened La Brioche 15 years ago, our intention was that you find a space here for yourself, removed from the cares of life, that you breathe and relax and connect with your Loved Ones, remembering what is True in your life. Now, more than ever, we wish this for you.

For your protection and peace of mind, we have installed anti-viral filtration units in both our heating and air conditioning systems that are used in hospitals to combat many viruses, including Covid-19

We sincerely appreciate that you are here dining with us and we invite you to return often so that we may continue to serve our community during the pandemic.

David Yankovich, Jackie Patricia and La Brioche beloved staff.
